Alumnae Biographical Files
Biographical Files, BC 8.4

Historical Sketch:

The Alumnae Biographical Files are an artificial record group compiled by the Archives staff.

Description of Records:

The collection contains a variety of materials relating to the educational and professional careers of select Barnard College alumnae. Materials include magazine and newspaper articles, interviews, obituaries, publications, creative writing, press releases, student transcripts, yearbook clippings, diplomas, award certificates, and event programs. Cumulatively, they lend some insight into the experiences these students had at Barnard, as well as their professional accomplishments and (to a lesser extent) personal lives after graduation.

Access Restrictions:

Records restricted to use by office/department of origin for 25 years from date of record creation. Access to student records and personnel files restricted.

Inventory of Biographical Files:

NB: Press releases are from Barnard College, usually about a newspaper article on the student, unless otherwise noted. (Maiden name in parenthesis.)
